ENAEX S.A. AND SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH 31, 2026, AND DECEMBER 31, 2025

(In thousands of US dollars - ThUS\$)

Note 1 - GENERAL INFORMATION

Enaex S.A. (the Company), Chilean Taxpayer ID No. 90.266.000-3, is a publicly held corporation, incorporated by public instrument dated September 27, 1920, and registered under No. 401 on November 20, 1991, in the Securities Registry of the Financial Market Commission (CMF). The Company is regulated by that commission. Its parent company and controller is Sigdo Koppers S.A.

The legal address and headquarters of Enaex S.A. are located at El Trovador N° 4253, 5th floor, Las Condes.

Enaex S.A. ("Enaex Group") is also the parent company of the group of companies referred to in these financial statements.

Note 2 - BUSINESS DESCRIPTION

Enaex and its subsidiaries have become the most important supplier of Ammonium Nitrate, mining explosives and comprehensive rock fragmentation services for the mining industry in Chile and Latin America.

Enaex, through the Prillex América Plant located in Mejillones, currently has the largest explosive-grade Ammonium Nitrate production complex in the world, positioning itself as the third most important player in the world in terms of production.

In Chile, Argentina, Australia, Brazil, Colombia, South Africa and Perú, it provides rock fragmentation and blasting services, where it also has an extensive network of service plants located in the respective mining operations. A wide range of services are provided at these plants, such as blasting, loading of blasting, agents, surface mooring, capping of wells, checking of perforations, administration of product warehouses, among others.

In Latin America, the company stands out for its continuous growth: in Colombia, with its subsidiary Enaex Colombia S.A.S and a high-tech cartridge emulsion plant, it has been operating since 2010; in Argentina through its subsidiary Enaex Argentina SRL, it has a bulk emulsion plant in operation since 2014; It has been present in Brazil since 2015, when it acquired 100% of IBQ (Britanite), the largest Brazilian explosives manufacturing and marketing company; It did the same in Peru, through the acquisition of 85% of the local company Chemtrade and 100% of the property Industrias Cachimayo S.A., the only producer of ammonium nitrate in Peru, consolidating Enaex as the largest producer of ammonium nitrate of the region.

At the same time, Enaex began to expand outside the region in June 2015, acquiring to date 100% of Davey Bickford Enaex, a leading global manufacturer of electronic detonators and initiation

systems, based in France. In June 2020, it made its entry into the African market as controlling partner of Enaex Africa, a new blasting services company for large and small mining, with headquarters in South Africa and subsidiaries in Namibia, Lesotho and Botswana.

Likewise, in March 2021 it acquired 100% of Downer Blasting Services, a subsidiary of Rock Fragmentation Services of the Australian Company Downer Group. The Australian company, which now operates under the name of Enaex Australia, has more than 20 years of experience in blasting services, both in open pit and underground mining, and has a presence on the east and west coasts of Australia, where it supplies services to the mining of iron, gold and coal, among others.

In January 2023, it acquired 100% of MTi Group an Australian company with more than 25 years of experience in the design, development, manufacture, and distribution of accessories that optimize drilling and blasting processes. The company has operations in Australia, United States, South Africa and China.

On January 11, 2023, Enaex S.A. completed the acquisition of 45% of the Portuguese company O-Pitblast S.A. specialized in digital mining software and products. O-Pitblast S.A. is a subsidiary of the finish company Forcit Group, which provides leading technology for the mining market and participates in the development of mining engineering technology, offering a wide range of software to optimize excavation, drilling and blasting, allowing control and efficient management of mining operations.
